

## **concept metro4**

metro4. The name is program, a platform, a meeting place, where a broad network of art supporters, sponsors, artists, collectors, people interested in art are gathered together.

metro4 is a melting point for culture and will transmit culture, which appeal to all five human-senses.

metro4 is a station that one will find independent from time, space and material on one, two or several places, individually, staggered or in the meantime. metro4 can be experienced as well as on regional, national, international level.
